Submitted herewith is the report of the annual examination and audit of the Town of Littleton for the fiscal year ended December 31, 1952, which was made by this Division in accordance with the vote of the Town. Exhibits as hereafter listed are included as part of the report.

Scope of Audit

Included in the audit and examination were the accounts and records of the Board of Selectmen, Treasurer, Tax Collector, Town Clerk, Trustees of Trust Funds, Library and Municipal Court. The accounts of the Water and Light Department and the Village District were also audited and separate reports are being made for each of these divisions.

Comparative Statements of Appropriations and Expenditures — Estimated and Actual Revenues: (Exhibits C & D)

As indicated by the budget summary (Exhibit D), a net overdraft of appropriations of \$5,365.84, less a net revenue surplus of \$3,729.16, resulted in a net budget deficit of \$1,636.68.

Summary of Receipts and Expenditures: (Exhibit E)

A summary of receipts and expenditures for the fiscal year ended December 31, 1952, made up in ac-

cordance with the uniform classification of accounts, is included in Exhibit E. Proof of the Treasurer's balance as of December 31, 1952, is indicated in Exhibit F.

A summary statement of the Parking Meter account is presented in Exhibit H.

Statement of Long Term Indebtedness: (Exhibit N)

A statement of long term indebtedness as of December 31, 1952, showing annual debt service requirements, is contained in Exhibit N.

Audit Procedure

The accounts and records of all town officials charged with the custody, receipt and disbursement of public funds were examined and audited. Vouchers and cancelled checks were compared with supporting invoices and payrolls as well as entries in the books of record. Receipts were checked by source insofar as possible and totals of receipts and expenditures verified. Book balances were verified by comparison with reconciled bank balances made from statements obtained from depository banks. Verification of uncollected taxes was made by mailing notices to delinquent taxpayers as indicated by the Collector's records.

General Comments

Current Surplus:

The Town remained in a current surplus position during 1952, as shown by the following statement:

	<i>Dec. 31, '51</i>	<i>Dec. 31, '52</i>
Total Assets	\$131,200.30	\$111,559.88
Total Current Liabilities	105,109.24	91,034.08
Current Surplus	\$ 26,091.06	\$ 20,525.80

Town Treasurer's Surety Bond:

The amount of the surety bond of the Town Treasurer in 1952 was \$10,000.00. Inasmuch as the funds handled by the Treasurer in 1952 totalled more than \$600,000.00, it is recommended that the surety bond of this official be increased to \$15,000.00 in 1953.

Conclusion:

The accounts of all town officials which we examined were found in good condition and the accounting procedure conformed to prescribed methods.

The provisions of Section 31, Chapter 211, of the Laws of 1939, require that this report or a summary of its essential features shall be published in the next annual Town report.

We extend our thanks to the officials of the Town of Littleton for their assistance during the course of the audit.

Yours very truly,

Harold G. Fowler
Director

LIBRARIAN'S REPORT

Did you know that if all the books lent by the Littleton Public Library were laid end to end they would reach as far as Rock Pool? Or if piled on top of each other they would stand higher than Mt. Garfield? Useless information, perhaps, but it does give an idea of library use in concrete terms which might not be realized in a few visits to the library building.

Many people think of library books as providing primarily recreational reading. The error of this assumption is shown by the fact that in 1952 just 42% of the books lent were adult fiction. Books for children may be considered as instructive since they develop reading ability and broaden horizons as yet limited by age. The remaining 56% of the library circulation, then, was read for some practical purpose.

Nearly half the people of Littleton have been regular library users over the past three years. The library is a part of their daily life. Obviously there are still many potential borrowers to whom the library is an unknown quantity who could benefit greatly from its use if they realized what it has to offer besides an evening's entertainment. The reference collection, for instance, including encyclopedias, dictionaries, atlases and books of quotations, is quite good and up to date. Among these books is a set that will locate articles in all the leading magazines for past years. Chances are you can find the latest information on almost any subject by its use. Few people know that the library subscribes to about thirty magazines and that any but the current issue may be taken home.

People who have very little time for purely recreational reading will find other books helpful in things

they do every day. There are fine books that help a woman decorate her home, small apartment or large house, which give ideas on colors to use, arrangement of furniture, directions for making slip covers and draperies, painting and papering. Couples who are thinking of buying or building a house will find books of plans, interiors and exteriors. A new book on gardening the small place suggests ways of making lawns and gardens more attractive. A number of cookbooks will help with meal planning and menus. There are books on hobbies of many kinds: information on how to hook and braid rugs, paint trays, do drawing and water colors. The library user can learn how to remake and refinish furniture, repair and service cars, assemble radio sets, build small boats, all of which will interest the man who likes doing things with his own hands.

The latest postage stamp catalogs are available as are books on woodworking projects and designs for the amateur carpenter. Club program planners can find games, stunts, monologs and skits, suggestions for toasts and other useful ideas. It really pays to ask for anything you need. If we haven't it we can usually get it within a few days by borrowing from other libraries.

The library belongs to the people of Littleton. Their needs and wants are reflected in the book collection. We try to anticipate demands but suggestions are welcome and we try to fill requests if possible by buying material the townspeople want and will use.

The library is open every afternoon and evening except Saturday evening, Sundays and holidays most of the year. We are glad to answer questions and renew books by telephone.

May I take this opportunity to thank the many friends of the library who made gifts, the board of trustees and the library assistants for their help during the year.

Librarian

REPORT OF PARK COMMISSION

1952

This year the usual maintenance of the areas were taken care of. Our appropriation was increased this past year for the purpose of helping to defray the expense of our recreation director. At Remich Park we had built a pathway up through the pines from the Oak Hill Avenue entrance to the bandstand. Over under the grandstand a concession stand was built and it was rented on a yearly basis. The football squad used the field house and showers this fall. This seemed to work out well for all concerned. Again this winter activities were turned over to the Chamber of Commerce.

Softball and football proved to be popular again at Apthorp Common. This year saw the start of Little League Baseball at the Common. In our opinion this is a worthwhile project and we will continue to cooperate with the men in charge of it.

The Dells area has had two more grills put in and the area has been cleaned of blown down wood. These picnic areas have proven very successful. Two years ago we decided to investigate the possibility of swimming at the Dells. This was done. The water was checked and found it could be made suitable for swimming. Last July a contractor went over the area and the bottom of the pond. It was his opinion that the area could be developed into a swimming area. The sum of \$12,000.00 was set as a figure needed to do the job right. After two years of investigating we have found what seems to be a practical solution to the age-old question, "Where can we swim in Littleton?"

This year we lost one of our biggest boosters, Mr.

Cornelius Brinn. Only those of us close to the areas know how much he did for us.

As usual Mr. Orr did a wonderful job and the boys from the Village District and the Water and Light Department helped us out many times.

Report of the Board of Education

To the Citizens of Littleton:

The school board of the Littleton School District presents herewith its annual report. An increase in the budget is necessary this year due primarily to increases in teachers' salaries. Other items in the budget are increased only slightly or not at all.

Respectfully submitted,

SUPERINTENDENT'S REPORT

To the School Board and Citizens of Littleton:

It is with pleasure that I submit to you my annual report relative to your schools.

Several changes have taken place in the faculty since my last report.

Mr. William E. Morris of Haverhill, N. H., a graduate of Plymouth Teachers College, was elected to teach English in the high school, replacing Mr. Leon A. Wis-kup who transferred to Manchester, N. H.

Mr. John M. McNamara of Braintree, Mass., a graduate of New England College with a Master's degree from the University of Maine was elected to teach Mathematics and coach skiing and track, replacing Mr. Sheldon Varney who transferred to Claremont, N. H.

Mr. Foster H. Slayton of Tilton, N. H., a graduate of the University of New Hampshire with 22 years' teaching experience in private schools of New Hampshire and Vermont was elected to teach Social Studies and coach boys' athletics to replace Weston S. Root who returned to Springfield College to complete work for his Master's degree.

Mrs. Charlotte S. Sargent of Littleton, a graduate of the University of New Hampshire, with a year's experience in Newport was elected to teach Commerce to replace Miss Virginia L. Brown who resigned to get married.

Miss Aylmer E. Crafts of Concord, N. H., a graduate of Wheaton College, with a year's experience in Gorham, Maine was elected to teach English and coach girls' athletics to replace Miss Janet D. Tinker who transferred to Pittsfield, N. H.

Miss Evelyn R. Clark of Holderness, a graduate of Plymouth Teachers College was elected to teach Grades 5 and 6, to replace Mrs. Mavis W. Rutledge who transferred to the southern part of the state.

Miss Ruth A. Millar of Plymouth, N. H., a graduate of Plymouth Teachers College, was elected to teach Grade 2, to replace Mrs. Dina D. Williams who moved to Manchester.

Mrs. Ruth C. MacKenzie of Littleton, a graduate of Keene Teachers College, with previous experience in Candia and Littleton, was elected to teach Grade 3, to replace Miss Lyle E. Hood who returned to Vermont.

Miss R. Evangeline Bill of St. Johnsbury, a graduate of Lyndon Teachers College, with six years' experience in Danville, Vermont, was elected to teach Grade 4, to replace Mrs. J. Kenneth MacPherson who resigned at the close of the year.

Repairs in the various buildings since my last report include:

Painting the outside of the Kilburn School building
Redecorating the high school gymnasium

The laying of slip-proof mats in the aisles in the
high school auditorium

Mastic coating the entire flashing around the roof
of the high school building

Installation of shelves in the stock room of the elementary school

The report of the school nurse shows that all children in Grades one, four, eight and eleven receive complete physical examinations each year by the school doctors. Miss Bryant examines all pupils in the system for weight, vision, hearing and condition of teeth. Miss Bryant also supervises and carries out

laboratory work on pupils in grades one, four, eight and eleven.

The report of the school doctors shows that 242 children were examined, 43 were given toxoid immunization, 164 were given tuberculosis tests and four received chest x-ray. The following defects were found: Tonsils and adenoids 14, Heart 3, Nervous defect 1, Orthopedic 4.

The report of the nurse shows that 600 pupils were examined and the following defects found and reported: Vision 15, Skin 2, Posture 4, Speech 2, Teeth 151, and Tonsils 14. Of the 600 pupils examined, 595 were found to be successfully vaccinated, 4 were unsuccessfully vaccinated 3 times, and one was excused from vaccination. The number of children treated for defects are: Tonsils and Adenoids 3, Heart 3, Nervous defect 1, Orthopedic 4, Vision 8, Skin 2, Posture 4, Speech 2, Teeth 85. Seventy-four children were treated in dental clinics, 10 in vision clinics, 7 in tuberculosis clinic and 43 in toxoid clinic.

The above report should be a good indication that the health of your children is a major concern of the school.

The elementary school lunch program is one that is contributing to the health of our children. Over two hundred children participate in this program each day. A balanced meal is provided and is served and consumed under pleasant, wholesome conditions. Children are encouraged to eat all foods and many parents report that their children are gaining steadily under the program. This year a very generous amount of surplus foods have been received that have contributed greatly to the success of the program.

The first school safety program to be held in New Hampshire was held in Littleton this past winter un-

der the sponsorship of the New Hampshire Motor Vehicle Department. Approximately 700 elementary pupils from Littleton and neighboring towns attended the afternoon session and about 300 high school pupils attended the evening session. All phases of youth highway safety were touched on at the meetings. Commissioner Frederick Clarke of the Motor Vehicle Department was present and spoke at both sessions.

A two day music workshop was held in the elementary school during the fall term under the leadership of Dr. Alice Baumgarner, director of Art Education. Elementary teachers from the area were invited to participate in the program of instruction. The results of this program have already been reflected in the classrooms of your school.

The high school, under the able direction of Principal Arthur J. Kenney, continues to carry on a good program. His report will be found on other pages of the school report.

We were unfortunate to lose the services of Mr. Anthony G. Katsiaficas, principal of the elementary school, who resigned to accept a supervising principalship in Southwick, Massachusetts.

The teaching situation becomes more acute each year as more teachers seem to leave the profession than enter it. Higher salaries for teachers in the states to the south of us cause many graduates from our teachers colleges to go to those areas every year. Every effort is being made to attract and to hold good teachers in our schools. This can only be done by keeping our salaries in line with those of other communities of our size. We cannot get away from the fact that teachers will migrate to those areas where the salaries are highest and working conditions are good.

The Littleton schools do not intend to be content with the increased services of the past few years. With a forward looking school board, we shall continually strive to improve our offerings.

In closing, I wish to express my appreciation to the entire teaching staff and to non-teaching personnel for their cooperation this past year. I also wish to thank the school board and citizens for their cooperation and support.

Respectfully submitted,

Leslie S. Cummings

School attendance has continued to improve this year. Our average for the first half year is 96.60 per cent which is very high. We are pleased with the cooperation we have received from interested parents which made this excellent record possible.

CURRICULUM

In order to insure a maximum efficiency we have tried to place people of similar interests, abilities and needs together wherever possible. This has improved our instruction considerably. We have a class in Consumer Mathematics required of seniors who have not taken mathematics previously.

RECREATION

The recreation program, under the direction of Mr. Arthur Chartier, a graduate of Boston University, has continued to make progress. This program reaches a very large percentage of our pupils and its effects are far reaching. Mr. Chartier has given a tremendous amount of time both in the community as well as in the schools.

GUIDANCE

Our guidance program includes the Science Re-

search Associates Primary Mental Ability Tests administered by the University of New Hampshire Testing Service for the senior high school, Grades IX and XI, and the California test of Mental Maturity for Grade VII. These tests provide a basis for further counseling and help to make our program effective. A follow-up and placement service is also part of the program.

MUSIC

The music program under the able direction of Mrs. Cushing for vocal music, and Mr. McLure for instrumental music and band has made excellent progress this year. Numerous public appearances, plus attractive uniforms, have received very favorable comment.

THE TEACHING STAFF

We are pleased to report that the teaching staff here at Littleton compares very favorably with any of its size in the state and has cooperated with the administration very well.

EXTRA CURRICULAR ACTIVITIES

Our school offers a full program of extra curricular activities which include music, vocal and instrumental, dramatics, athletics, socials, parties, dances, and the school publication, "The Record" which is representative of our school and which we are making every effort to improve each year. An active sports program is conducted by Mr. Chartier every Saturday and after school whenever possible for sports in season.

SERVICES TO THE COMMUNITY

We are pleased to report that the tradition of co-operating with our community established in the school is reflected in many worthwhile activities and services.

CONCLUSION

It has been a pleasure for me to work with you, Mrs. Howland, the teaching staff, the school board and the people of Littleton. Your cooperation with our efforts and your interest in and support of our school is sincerely appreciated.

Respectfully submitted,

ARTHUR J. KENNEY
Principal
